Chidiebere Ezeokwelume. Front End Developer

Lagos, Nigeria· https://github.com/Chidiebere95/

Overview

Am a creative front-end developer from Lagos, Nigeria. I'm passionate about clean code and how we can turn code into beautiful websites and web apps that provide awesome experiences.

Programming Languages

HTML 5, CSS 3, JavaScript, Bootstrap, jQuery, React, React-Native, NodeJS

Tools & Platforms

Git & GitHub, Netlify

Web Projects

Car dealer https://chidiebere95.github.io/car-dealer/
- HTML, CSS, JavaScript, Bootstrap & jQuery
- I made a simple, clean and responsive multi pages website for a car dealership store where users can fix their cars and also buy and sell cars.

Bakery https://chidiebere95.github.io/cakes-store/
- HTML, CSS, JavaScript & jQuery
- I built a modern and responsive e-commerce website for a cake store that allows users to order cakes online.

La Hotel https://chidiebere95.github.io/food-menu/
- HTML, CSS, JavaScript & jQuery
- Built a responsive website for a food restaurant that shows all the food on the menu and also allow users to filter the foods they want.

Education

University of Port Harcourt, Rivers, Nigeria
- Mechanical Eng.
